

Dedication
Most Reverend John F. Whealon
Archbishop of Hartford
1969 - 1991

Catholic Charities had three goals in mind in developing this tournament. First was to raise support for our services to needy children. Second was to make new friends for Catholic Charities. Third, and most importantly, was to honor a great man who was profoundly concerned with the needs of the poor.

During his tenure in the Archdiocese, Archbishop Whealon sought to improve the quality of life for all through the various agencies comprising Catholic Charities. As President of the Board, he embraced and supported the various programs and services offered through Catholic Charities.

Archbishop Whealon was also a great church leader, scholar, teacher, role model, fine athlete and a kind and gentle man who, in his humble and tolerant manner, honored all and cared deeply about people. His contributions demonstrated his love for God and all His children. He is dearly missed by all those he has touched, and to his memory, we dedicate this tournament.
